

Race Manager - Bug #171

Layout id is not saved sometimes on race results

02/17/2023 10:37 PM - Jesús M. Broceño

Status:	Closed	Start date:	02/17/2023
Priority:	Normal	Due date:	
Assignee:	Jesús M. Broceño	% Done:	0%
Category:	Reports	Estimated time:	0:00 hour
Target version:	1.24.2		
Description			
It only affects to race results, the issue has not been detected on practice results.			
It affects to the best laps panel. As it is filtered by layout, if the layout is not available on the record then it won't be shown when the layout is selected. It only will be visible when the layout is empty.			
It will be solved and a script will be added on the update installation to repair the database if possible.
