

Race Manager - Feature #172

Allow changing database folder - TRANSLATE (Done)

02/19/2023 10:11 AM - Jesús M. Broceño

Status:	Closed	Start date:	02/19/2023
Priority:	Normal	Due date:	
Assignee:	Jesús M. Broceño	% Done:	0%
Category:	Settings	Estimated time:	0:00 hour
Target version:	1.24.2		

Description

Championship Manager already allows to set the database to work with. For users managing different tracks, support, etc. It's easy to have different database than different application instances installed.

Now users will be able to do it from Race Manager on the options/database configuration page.

TRANSLATION:

Text	Component	Translation
Base de datos	DB option page	Database
La base de datos no puede cambiarse si hay una sesión de cronometraje en progreso	DB option page	Database can't be changed while a timing session is in progress
El directorio seleccionado no existe	DB option page	Selected folder doesn't exist
El directorio seleccionado no tiene una base de datos válida	DB option page	Selected directory doesn't contain a valid database
La aplicación se reiniciará	DB option page	Application will be restarted
