

Race Manager - Feature #173

Keep registering window opened and row position after choosing a racer

02/26/2023 09:14 AM - Jesús M. Broceño

Status:	Closed	Start date:	02/26/2023
Priority:	Normal	Due date:	
Assignee:	Jesús M. Broceño	% Done:	0%
Category:		Estimated time:	0:00 hour
Target version:	1.24.2		
Description			
When registering a racer the row selected is added to the timing session. The selection window is re-opened allowing to choose another racer.			
It cause a "flickering" effect and the racer selection start from the first table row			
Now the windows won't be closed and after selecting a racer the table row will be located on the next racer.
