Status:	Closed	Start date:	04/26/2023
Priority:	Normal	Due date:	
Assignee:	Jesús M. Broceño	% Done:	0%
Category:		Estimated time:	0:00 hour
Target version:	1.24.4		
Description			
Minimum lap time control should accept laps when <i>lap time</i> is greather or igual to <i>min. lap time</i>			
Due timestamp conversions, if <i>lap time</i> is exact the same as <i>"min. lap time"</i> sometimes the lap is ignored.
