Status:	In Progress	Start date:	04/12/2024																																
Priority:	Normal	Due date:																																	
Assignee:	Jesús M. Broceño	% Done:	0%																																
Category:	Settings	Estimated time:	0:00 hour																																
Target version:	1.27.1																																		
Description																																			
Requierements:																																			
<ol style="list-style-type: none">1. Display in race manager2. save to database3. display each driver's best record, same as current best lap and best lap4. Define the number of N laps globally ~~ or per driver~~																																			
TODO:																																			
<ol style="list-style-type: none">1. Allow n-best setting on free practice settings2. Reports. As best lap includes N results it won't be on the best lap page. Any suggestion? I thought to add sections for N-best sessions. Something like:																																			
Best laps																																			
<table><thead><tr><th>N laps</th><th>Rnk</th><th>Time</th><th>...</th></tr></thead><tbody><tr><td rowspan="3">1</td><td>1</td><td>06,234</td><td></td></tr><tr><td>2</td><td>07,205</td><td></td></tr><tr><td>3</td><td>08,826</td><td></td></tr><tr><td></td><td>...</td><td>...</td><td></td></tr><tr><td rowspan="3">2</td><td>1</td><td>12,822</td><td></td></tr><tr><td>2</td><td>13,104</td><td></td></tr><tr><td>3</td><td>13,481</td><td></td></tr><tr><td></td><td>...</td><td>...</td><td></td></tr></tbody></table>				N laps	Rnk	Time	...	1	1	06,234		2	07,205		3	08,826				2	1	12,822		2	13,104		3	13,481			
N laps	Rnk	Time	...																																
1	1	06,234																																	
	2	07,205																																	
	3	08,826																																	
																																	
2	1	12,822																																	
	2	13,104																																	
	3	13,481																																	
																																	
It should be two sections for every N-laps as they can be consecutives or not.
